Office of Legislative Counsel

Friday - 27 May 1960

4. Miss Thornton on the staff of Senate Post Office and Civil Service Committee telephoned indicating that the Committee was holding hearings next week on H. R. 7758 and H. R. 10695 and was inquiring if the Agency wished to testify since we had testified previously before the House Committee. I advised her that we had appeared at that time at the desire of the Committee since H. R. 7758 did amend the CIA Act but that the substantive views expressed by other agencies, particularly DOD, were such that we could add little but additional support. Therefore, it was agreed that the Agency would appear if the Committee desired it and we would be physically available during the hearings if any questions came up.
